

A modern living room featuring a grey fabric sofa against a wall of weathered, rusted metal panels. The sofa is adorned with several patterned pillows: a white and gold geometric pattern, a red and white geometric pattern, and a white and gold hexagonal pattern. A stack of books sits on a black wire mesh side table to the right. A large, patterned floor pillow is on the floor in the foreground.

OUR STORY

We started out as event planners and creating table decor. When friends started recommending us for bedding and pillows we formed Fabrinique!

Today Fabrinique offers an array of home and decor accessories such as bed runners, table runners, decorative pillows, fabric art, and aprons.

Glamping Chair Covers were an outgrowth of the camping boutique businesses. A customer wanted us to “glam” up her outdoor experience, so we designed what has become our biggest seller! The newest addition to the Fabrinique family are Luxury Closet Accessories which include Purse and Boot Stuffers, Dusters, and Shoe Box Pillows.

Enjoy and browse the possibilities!

Purse Pillows, Boot Stuffers, Purse Dusters & more

Our stuffers are made using high quality fabric and filled with high quality filler that makes them very functional and luxurious to the touch. They are designed for easy storage, no shaping or rolling, and they slip right into the bag or boot to maintain the beauty of your investment.

We make five standard sizes for Purse Pillows and two standard sizes for Boot Stuffers. Our pillow measurements have been tested to be versatile, and careful not to destroy the gusset of the handbag. We have added an "extra large pillow" size so that the large unstructured bags will only require one purse pillow.

Includes clear hang tag for purse photo
